CASTINE MAINE U.S.A.

BID FORM

WINTER ICE SAND – 2017

The Town of Castine requests bids for approximately 400-600* cubic yards of winter ice sand meeting the following requirements: Sand shall be clean, hard, sharp grained particles free of organics, clay balls or other deleterious matter and screened to meet the following gradation: 100% passing 1/2" sieve, 90-100% percent passing 3/8" sieve, 80-100% passing #4 sieve, 0-35% passing #50 sieve and 0-3% passing #200 sieve.

(* This is an estimated quantity, our intent is to purchase only enough ice sand to fill the sand storage building.)

Please complete this form and submit to the Town of Castine by 3:00 pm, Friday, September 22, 2017.

BASE BID: Unit price to furnish winter ice sand, deliver sand to 315 The Shore Road in Castine, mix Town supplied salt with the sand and stockpile in the Town's sand storage building. All sand shall be delivered and stockpiled by Friday, October 20, 2017.

\$ _____ per CY
